ALL DAY COMPUTING

Stay unplugged longer with the help of spare ThinkPad® system batteries. With spare ThinkPad batteries, employees can work and stay productive without being tied to an electrical outlet.

All-day computing is a reality when you combine the unique battery technologies on select ThinkPad® notebooks with our extended life battery options. Many ThinkPad notebooks can also use an optional extended life battery in the Ultrabay 2000, Ultrabay Enhanced, or Ultrabay Slim bay for longer unplugged operation. Select ThinkPad X, T, W, and R Series notebooks can even provide all-day computing when equipped with the optional extended life battery.
