

OVERVIEW

The ThinkPad 10 Touch Case is a folio type case with an integrated keyboard that provides convenient, stylish functionality and production. The case converts into a stand providing a workstation mode when using the integrated keyboard. A builtin track pad provides users a tactile way to manage and use legacy office programs. A high quality, rigid material with a micro fiber lining protects both the front and back of the tablet.

Features:

- Protection for both front and back of the tablet
- Full keyboard with built-in touch pad
- Magnetic cover puts system to sleep when closed, awake when open
- Camera hole cut out
- Pen holder
- Slim notebook profile when closed
- Quickly sets up into workstation mode
