Commercial Vantage 10.2310.28.0 Release Notes

New Features and Enhancements.

1. Flip to start - This feature enables the user to turn on the computer when the computer's lid is opened, similar as to use the power button.
2. Smart Assist enhancements in User presence sensing, Zero touch login, Zero touch Lock, Adaptive dimming.
   o Applies to: ThinkPad X1 Carbon Gen 12, ThinkPad X1 Carbon Gen 13, and ThinkPad X1 2-in-1 Gen 9.
3. Battery charging prediction removal as it conflicts with Commercial Vantages readings vs. MS Windows
4. Smart Standby under Power Settings performance enhancement.
5. USB-C Security, User can Turn ON and OFF data transfer with Hot Key Fn+U (ON), Fn+S (OFF)
6. When insufficient UAC permission and user is not able to upgrade Commercial Vantage steps are provided to end user to help fix the problem. (Pop-up)
7. Vantage cannot be executed as Windows administrator under Windows standard account.

System update changes and enhancement.

1. System Update reports the success/failure of Bios and Firmware updates after reboot.
2. System Update reports WAN related drivers' success.

No new ADMX group policies were implemented for this release.
